DreamWear

Rediscover dreams

DreamWear – like wearing nothing at all*

Patients can sleep like it's not even there

Do your patients have trouble finding a comfortable sleeping position or feel restricted by CPAP tubing? DreamWear is an innovative mask designed to give your patients the choice to sleep how they want.

The best of pillows and nasal masks

DreamWear's unique design offers many of the benefits of nasal and pillows masks to allow patients to have the best of both mask types. Allowing more freedom of movement and more comfort than their prescribed mask, DreamWear patients feel like they are not wearing a mask at all.*

Dreamwear is part of the Dream Family from Philips Respiroics

The Dream Family offers innovative, comprehensive sleep therapy technology like our sleep therapy system, DreamStation. To learn more, visit our website at philips.com/dreamfamily

*2015 Philips User Preference Questionnaire, data on file.
