SimplyGo Mini

Reliability that's
simply portable

Built for the demands of today's active Veterans, SimplyGo Mini is a reliable, powerful choice in a lightweight portable oxygen concentrator (POC).

SimplyGo Mini is built to be tough. During development, SimplyGo Mini was rigorously tested in real world environments including impacts, vibrations, and temperatures to deliver reliable performance day in and day out. This means that you can offer more veterans the features and performance they are demanding in a POC.

Assembled in the USA

Complies with the Buy American Act.
